Roland (Father) and Carwyn (Son) run a farm and contracting business from their Clergryn farm in Letterstone, Pembrokeshire near the south Wales coast. Among their 8 tractors, 2 combines, 4 trailers and telescopic handler they run a JCB Fastrac 3220+. Given its 65 Km/h top speed capability it is used for the gruelling haulage work including: - potatoes, silage and corn.

Given the high road usage, 90%+, the tyres are used to their maximum limit and recently Carwyn decided to try Alliance A365 in 540/65R30 153A8/150D. These tyres are set to return 3500+ hours which compares very well with the very best that they have used before. Given this performance Alliance tyres now figure very highly in his choice of tyres for the future. He also commented on how evenly the tyres have worn even on the fronts that can often suffer with the camber of the road.

Alliance Tire Group specializes in the development, manufacturing, and marketing of tires for Agriculture, Forestry, Construction, Industrial, Earth Moving and OEM applications, under the Alliance, Galaxy, and Primex Brands.

Backed by nearly 60 years of experience, Alliance Tire Group serves customers in 120 countries and offers a full spectrum of products, from basic entry-level tires to a broad range of superior quality value-added products.
