 356 – 14.9R30 & 14.9R46

John Wheel (52, Father) of Croft Hall is the foreman for Croft farm estates in Croft on tees, near Darlington, North Yorkshire. They farm 3500 acres of winter wheat, Barley, Rape Seed and Xmas trees. They have a fleet of 6 tractors, 6 trailers, a combine harvester and a Bateman self propelled sprayer. The tractors tend to be run on the tyres that they arrive on and as they are mostly John Deere they have quite a mix. On the row crops they have always used Alliance. John Senior commented that “put simply they do the jobs that we ask of them, they do not cause us problems “

They have a JD 6170R on 420/80R46 Farm pro and 420/85R28 Farm Pro that are now into their 4th season and a JD 6930 on 14.9R30 A356 front and 14.9R46 A356 that they are not sure how long the tyres have been used . John Wheel Junior (23, son) now works as a driver for his father on the estate and uses the same tyres that his father trusted, “they have never let us down “

Two generations taking advantage of the Alliance pedigree

ATG

Alliance Tire Group specializes in the development, manufacturing, and marketing of tires for Agriculture, Forestry, Construction, Industrial, Earth Moving and OEM applications, under the Alliance, Galaxy, and Primex Brands.

Backed by nearly 60 years of experience, Alliance Tire Group serves customers in 120 countries and offers a full spectrum of products, from basic entry-level tires to a broad range of superior quality value-added products.

All of the Group's tires are developed and tested at its advanced R&D centers.
