

SUCCESS STORY

BOBCAT IN HULK

UAB Rimalda is a construction contractor from Kaunas, Lithuania. With two Bobcat skidsteer machines, Mr. Rimvidas is mainly operating in road and building construction sites.

Mr. Rimvidas Aleksa, owner of RIMALDA next to one of the Galaxy Hulk equipped Bobcats

After having repeating troubles with the original tires his skidsteers were equipped with, Mr. Rimalda has advised his local tire dealer, PGM Technika, and decided to purchase a set of Galaxy Hulk 12-16.5. This move has been a successful one and soon after the first set, Mr. Rimalda has purchased a second set and an additional spare set.

Mr. Rimalda said: "I have tried many different tire brands before and it was extremely difficult to work with as we needed to change tires almost every month. We almost considered moving to solid tires, which are uncomfortable to work with, but PGM Technika recommended the Hulk tires.

Now, with the Galaxy Hulk the machine has worked already 6 months without any punctures or other problems. It is amazing! Excellent tires and very comfortable for the long working hours we have on site"

The Galaxy Hulk tires were proved as delivering an optimal price/performance ratio and providing better comfort in use than other tires.

The Bobcats skidsteer in action. A complete satisfaction.
