

# SUCCESS STORY

## ALLIANCE 580 AGRO-INDUSTRIAL TIRES: 1500 HOURS OF DAILY WORK AND THEY ARE GOOD AS NEW

Prenton OÜ, an Estonian based company, purchased a pre-owned Manitou MLT-741-120 LSU machine with over 3000 hours driven. The machine's old Michelin tires were replaced after 2000 hours by four new Alliance 17.5LR24 A-580 tires.

Prenton OÜ uses the Manitou machine mainly for wood chip loading at a municipal power plant, and the tires are now being daily used only on concrete and asphalt surface. Most of the time the machine is being driven for short distances, and has to perform sharp turns due to the narrow work space.

Manitou MLT-741-120 LSU. Used for wood chip loading at the municipal power plant.

1500 hours and RTD 28mm ! "The tire is as good as new. Even tread wear, no cuts or chunking".

Known for their lower cost/hour, and extreme wear performance, the Alliance A-580 Agro-Industrial R4 tires are well serving Prenton OÜ. After over 500 hours of work for Prenton OÜ, and with a total of 1500 hours with the Alliance tires, it has proven that the Alliance A-580 tires perfectly answering the need.

The tires are in a perfect shape with even tread wear, and no cuts or chunking. The tires are reliable and provide efficiency, and comfortable work on the hard surfaces.

Alliance Tire Group specializes in the development, manufacturing, and marketing of tires for Agriculture, Forestry, Construction, Industrial, Earth Moving and OEM applications, under the Alliance, Galaxy, and Primex Brands.

Backed by nearly 60 years of experience, Alliance Tire Group serves customers in 120 countries and offers a full spectrum of products, from basic entry-level tires to a broad range of superior quality value-added products.

All of the Group's tires are developed and tested at its advanced R&D centers.
