

SUCCESS STORY

Chosen by OE for Row Crop protection

The Bernatoniui farm is located near the city of Kaunas, Lithuania. The 3,500ha farm consists of cattle, raised as livestock for meat, and milk and other dairy products. Over 25 machines are utilizing the farm. Among the machine are tractors, combines, sprayers and telehandlers.

Alliance A350 were chosen by the OE; Optimized soil and row crop protection together with exceptional self cleaning characteristics.

A few of the farm's machines are equipped with Alliance tires. For one of them, the Caruelle PR 440 self propelled sprayer, the Alliance tires were fitted by the OE. This machine has four Alliance Row Crop A350 tires, size 300/95R52.

Mr. Romans Puzinas who operates the Caruelle sprayer expressed his overall satisfaction from the Alliance A350 tires. As an experienced farmer he highlighted the excellent soil and row crops' roots protection, provided by the tires, together with outstanding traction characteristics. After

using the Caruelle sprayer for four seasons, the machine already worked for more than 1,500 hours in the field. As more than 60% of the A350 tire has left, Mr. Puzians anticipates many more hours of comfort ride on the Alliance A350 Row Crop tires.

Mr. Romans Puzinas next to the Caruelle PR 440 self propelled sprayer. Satisfied by the outstanding performance of the Alliance Row Crop A350 tires.

Alliance Tire Group specializes in the development, manufacturing, and marketing of tires for Agriculture, Forestry, Construction, Industrial, Earth Moving and OEM applications, under the Alliance, Galaxy, and Primex Brands.

Backed by nearly 60 years of experience, Alliance Tire Group serves customers in 120 countries and offers a full spectrum of products, from basic entry-level tires to a broad range of superior quality value-added products.

All of the Group's tires are developed and tested at its advanced R&D centers.
