

# SUCCESS STORY

## ALLIANCE 380 STEEL BELTED FLOTATION RADIAL PROVES ITS STRENGTH

Agricultural contractor Kalis Landbouw is based in Numansdorp, The Netherlands. Mr. Kalis and his father have known Alliance for long time and have been using Alliance tires for many years in their machines. They are extremely satisfied about the quality of the products they have used so far.

The Kalis's have three Vaia trailers that are equipped with Alliance 600/55R26.5 A-380 Steel Belted Flotation Radial, the oldest trailer is from 2005. The trailers are used to transport heavy material across long distances.

Till date they have never had a downtime due to puncture from any of their Alliance tires.

Mr. Kalis senior informed ATG that, he has been using Alliance products since they were introduced in The Netherlands, and is very satisfied with the performance of the tires.

Alliance 380

### ATG

Alliance Tire Group specializes in the development, manufacturing, and marketing of Agriculture, Forestry, Construction, Industrial, Earth Moving and OEM applications under Alliance, Galaxy and Primex Brands.

Backed by nearly 60 years of experience, Alliance Tire Group serves customers in 120 countries and offers a full spectrum of products, from basic entry-level tires to a broad range of superior quality value-added products. All of the Group's tires are developed and tested at its advanced R&D centers.
