

SUCCESS STORY

Galaxy Garden Pro: Most Versatile Tires for Gardens of France!!

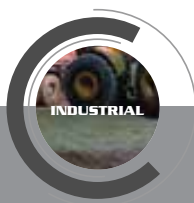

Customer : Mr Josserand Dominique
Location : Vierzon (centre of France - 18)
Machine used : Kubota B2410
Application : Garden & Farm Activities.
Tires in use : Galaxy Garden Pro (240/60R12 front, 280/70R18 rear)

Mr. Josserand is a landscape specialist in Vierzon located in the centre of France. Recently he fitted his Kubota B2410 compact tractor with the new Galaxy Garden Pro tires (Size 240/60R12+280/70R18). The tractor is used for a wide range of applications. It is fitted with a front loader. Also, different implements like rotary spreader, sprayer, crusher, rotary harrow, shredder are used with the tractor.

The new Garden Pro tires were fitted in October 2014 and have run for a reasonable working hours. Mr. Josserand is very happy with the tires' performance so far.

He says "The tires are very versatile. The tread depth is optimum for no marking & provides ideal traction. The pattern is not aggressive and the shoulders are round which makes the tire very ideal for using in Gardens. November and December were very wet in this region of France. Despite these conditions, the tires performed well and didn't damage the grass. I can clearly see the difference with the competitor agri patterns which sank to the level of the rim. The tires exhibited very good flotation characteristics."

He continues "I was able to complete my job by reducing the air pressure to 1 bar. It is very clear that the ground pressure is lower. Even on concrete or on asphalt, I didn't feel the vibrations of the blocks. Excellent ride on hard surfaces along with good traction. No slipping. The power of the tractor seems higher. I am very happy with the tires and already decided to fit my second tractor, a Kubota STV 36, with the same Galaxy Garden Pro tires."

ATG

Alliance Tire Group specializes in the development, manufacturing, and marketing of Agriculture, Forestry, Construction, Industrial, Earth Moving and OEM applications under Alliance, Galaxy and Primex Brands.

Backed by nearly 60 years of experience, Alliance Tire Group serves customers in 120 countries and offers a full spectrum of products, from basic entry-level tires to a broad range of superior quality value-added products. All of the Group's tires are developed and tested at its advanced R&D centers.
