

SUCCESS STORY

Alliance A365 on JCB Fastrac are streets ahead in the fields of Great Britain!!

Customer : Yorkshire Land Drainage
Location : Yorkshire, United Kingdom
Machine used : JCB 3220+ Fastrac
Application : Land Drainage
Tires in use : Alliance A365 Agristar (540/65R30 rear & front)

Yorkshire Land drainage runs three JCB 3220+ Fastrac and numerous pieces of plant. One of the Fastracs is on Alliance A365 & other two on competitor tyres. The customer was very impressed with the Alliance tires' performance in the field when conditions were particularly sticky. Of the three tractors the one on Alliance exhibited far better traction and left less signs of compaction in the field.

As he is a drainage specialist, the conditions he works in, are the most demanding from a traction point of view. So he expects more from his tyres than most. It's indeed a high accolade for the Alliance 365. He also commented that the tyres were reasonably priced. He will be replacing his all Fastrac tyres with Alliance from now on. He is a contractor and will think nothing of travelling in excess of 100 miles a day working for Farmers, councils and leisure centres.

John Sellers of Yorkshire Land Drainage with his JCB Fastrac

ATG

Alliance Tire Group specializes in the development, manufacturing, and marketing of Agriculture, Forestry, Construction, Industrial, Earth Moving and OEM applications under Alliance, Galaxy and Primex Brands.

Backed by nearly 60 years of experience, Alliance Tire Group serves customers in 120 countries and offers a full spectrum of products, from basic entry-level tires to a broad range of superior quality value-added products. All of the Group's tires are developed and tested at its advanced R&D centers.
