

SUCCESS STORY

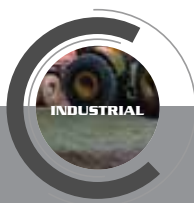

Alliance A 365 becomes the most preferred choice for Belorussian contractor!!!

Customer	:	Soligorskiy Regional Agroservice
Location	:	Minsk region, Belarus
Machine used	:	Fendt 930
Application	:	Agriculture & Allied
Tires in use	:	A 365 600/65R34 151A8 front A 385 650/85R38 173A8 rear

The agricultural state contractor, Soligorskiy Regional Agroservice, attended the Alliance initial product training seminar taking place in Minsk region which was organized by ATG and their distributor in Belarus. In April 2014, following the recommendation from ATG distributor during the training, they fitted complete set of Alliance brand tires on their High Power Fendt 930 tractor. The tractor is mainly used for HD ploughing operations in combination with RABE 9-component reversible plough as well as for towing the FERABOX organic fertilizers' spreader (majorly in winter season). The average daily mileage of the tractor on the road hard surfaces during transport operations makes up to 25 km.

The tires have been inspected by the joint ATG and Belshintorgservice LLC field technical support team on 25th November 2014 with the following tire performance results: WH completed 1200, remaining tread depth front axle tires 50 mm, rear left – 50 mm and rear right – 51 mm.

The operator is deeply satisfied with the results and expects efficient and stable performance of his tractor. He says that the tires are excellent and has become his most preferred brand.

ATG

Alliance Tire Group specializes in the development, manufacturing, and marketing of Agriculture, Forestry, Construction, Industrial, Earth Moving and OEM applications under Alliance, Galaxy and Primex Brands.

Backed by nearly 60 years of experience, Alliance Tire Group serves customers in 120 countries and offers a full spectrum of products, from basic entry-level tires to a broad range of superior quality value-added products. All of the Group's tires are developed and tested at its advanced R&D centers.
