

Alliance Previews New Forestry Radial at INTERFORST 2010

Alliance Tire Group provided a preview of its new F-342 series of radial forestry tires at the INTERFORST 2010 exhibition in Munich, Germany. The show is an international trade fair for forestry and forest technology.

Bohnenkamp AG stand - Presenting Alliance forestry tires

The F-342 forestry radial, currently in the final stages of development and field tests, is Alliance's first advanced radial forestry tires series.

Represented by Bohnenkamp AG, its exclusive distributor in Germany, Alliance exhibited its wide range of advanced forestry tires at the show. 10 tires were in display at the stand and more than 40 Alliance forestry tires were mounted on different forestry machines by OEMs at the fairground.
