

# SUCCESS STORY

## Zell an der Mosel's Choice

In the city of Zell an der Mosel, Germany, the Alliance MULTIUSE 550 tire series was found as the optimal solution for municipal road maintenance tasks such as snow removal, roadsides cleaning, etc.

Mounted on the city's Claas 410 municipal tractor, the Alliance MULTIUSE 550 tires are serving in all weather conditions and on different terrains:

- ▶ Hard surfaces, asphalt and concrete
- ▶ Sandy soils
- ▶ Snow and Ice

A truly MULTIUSE tire for all year round. The MULTIUSE 550 mounted on the town's Claas municipal tractor.

Mr. Meier, the operator of the Claas 410 reports an overall satisfaction from the tires: " They are comfortable, bring enough traction for the snow removal work and are more stables on curves and corners".

Stability during cornering is especially important characteristic for municipality tractors which drive in the streets and travel at relatively higher speeds. The MULTIUSE 550 provides superior grip and vehicle stability and control, reducing chances of accidents considerably.

**The Alliance 550 perfectly fits multiple machines, multiple applications, multiple terrain and multiple climatic conditions. A truly MULTIUSE tire for all year round.**

Alliance Tire Group specializes in the development, manufacturing, and marketing of tires for Agriculture, Forestry, Construction, Industrial, Earth Moving and OEM applications, under the Alliance, Galaxy, and Primex Brands.

Backed by nearly 60 years of experience, Alliance Tire Group serves customers in 120 countries and offers a full spectrum of products, from basic entry-level tires to a broad range of superior quality value-added products.

All of the Group's tires are developed and tested at its advanced R&D centers.
